# The two aspects of HMS Software

---

## ➤ Services

HMS has maintained an enterprise project management practice since its inception in 1984. HMS has worked on hundreds of epm implementations in both mid- and large-sized organizations

## ➤ TimeControl

TimeControl was released in 1994 as an enterprise timesheet system designed to work both with Microsoft Project and with Finance/ERP systems simultaneously.

# HMS History

- 1984 HMS Software founded. First project: automating the project office at Philips Information Systems and creating a project timesheet
- 1985 HMS becomes a Welcom Software alliance partner
- 1994 HMS releases TimeControl 1.0
- 1995 HMS releases TimeControl 2.0 for Windows with links to Microsoft Project
- 1995 HMS joins Microsoft Project Solution Partner program
- 1997 HMS becomes a Primavera Technology Alliance Partner
- 1997 HMS releases TimeControl 3.0 as a client/server product
- 1999 HMS releases first web timesheet interface for TimeControl
- 2001 HMS releases TimeControl 4.0, a full web-based version
- 2004 HMS named as a Premier Microsoft Project Solution Provider
- 2005 HMS becomes a Microsoft Gold Certified Partner
- 2006 HMS named as a “First to Market partner” by Microsoft
- 2007 HMS celebrates 10 years as a Primavera Alliance Partner
- 2007 HMS releases TimeControl Industrial 4.7
- 2007 HMS releases TimeControl 5.0
- 2008 HMS becomes Deltek ISV Alliance Partner

# Chris Vandersluis – President

- Mr. Vandersluis is the president and founder of HMS Software based in Montreal, Canada. He has an economics degree from Montreal's McGill University and over 24 years experience in the automation of project control systems. He is a long standing member of both the Project Management Institute (PMI), the American Association of Cost Engineers (AACE) and is the founder of the Montreal chapter of the Microsoft Project Association.
- Mr. Vandersluis has been published in numerous publications including Fortune Magazine, Heavy Construction News and the American Management Association's Project Management handbook. He has been a regular columnist for Computing Canada, PMI's PMNetwork and PM Times magazines.

# Some of our projects

## Hibernia Oil Platform

The Hibernia offshore oil platform is one of the most complex and successful offshore projects in the world. The Gravity Base Structure of the project was created by the Nodeco Consortium

HMS was a key supplier of project management software, cost and earned-value software along with deployment services and training to Nodeco for the Gravity Base Structure section of the project.

# Some of our projects

## Light Armored Vehicle

The Light Armored Vehicle (LAV 3) is a multi-mission vehicle supplied to the Canadian, US and other armed forces.

HMS provided scheduling, earned value and TimeControl timesheet software as well as training and consulting to integrate these systems with corporate systems at GM and Delco.

# Some of our projects

## Ontario Nuclear Plants

The Nuclear Retubing Project was designed to replace the aging fueling tubes in all Ontario Candu reactors.

Ontario Hydro used HMS supplied products and services for these projects and others including project scheduling and earned value software and extensive training and consulting

# Some of our projects

## James Bay Hydro

The northern Quebec James Bay Power Development is one of the largest hydro electric power projects in history.

HMS worked with Hydro and its contractors over a 10 year period supplying project scheduling and cost control software as well as training in project management methodology and consulting for systems integration.

# Some of our projects

## CF-18 Upgrade

This multi-year, multi-billion dollar project is for the upgrade and maintenance of Canada CF-18 fighter aircraft fleet.

HMS provided Bombardier's Canadair Military division with project scheduling, earned value and TimeControl timesheet software, training and consulting to integrate these project systems with SAP and other in house systems.

# HMS Alliance Partners

- HMS Software is a Technology Alliance Partner with Primavera, an ISV Partner with Deltek and a Gold Certified Microsoft Partner.
- TimeControl and TimeControl Industrial includes direct integration with popular project management systems such as Microsoft Project and Project Server and Primavera Project Planner, Deltek Open Plan, Deltek Cobra as well as other project systems.
- TimeControl Supports multiple project management systems and versions simultaneously
- Customizable import/export function to interface with virtually any finance or ERP system including SAP, Oracle, PeopleSoft and Microsoft Dynamics

# Services

---

## ➤ Training

- Project Management Methodology
- Earned Value Methodology
- Executive training for project management
- PM Product training:
  - Microsoft Project and Project Server
  - TimeControl

# Services

---

## ➤ Consulting

- Project Management process improvement
- Project Office set-up
- TimeControl implementation
- Integration services – linking pm tools to corporate data
- Customized development – add-on functionality for pm tools
- MS Project implementation
- Project Server installation/implementation

# Timesheet solutions

## Time and Attendance

HR Systems and  
Payroll

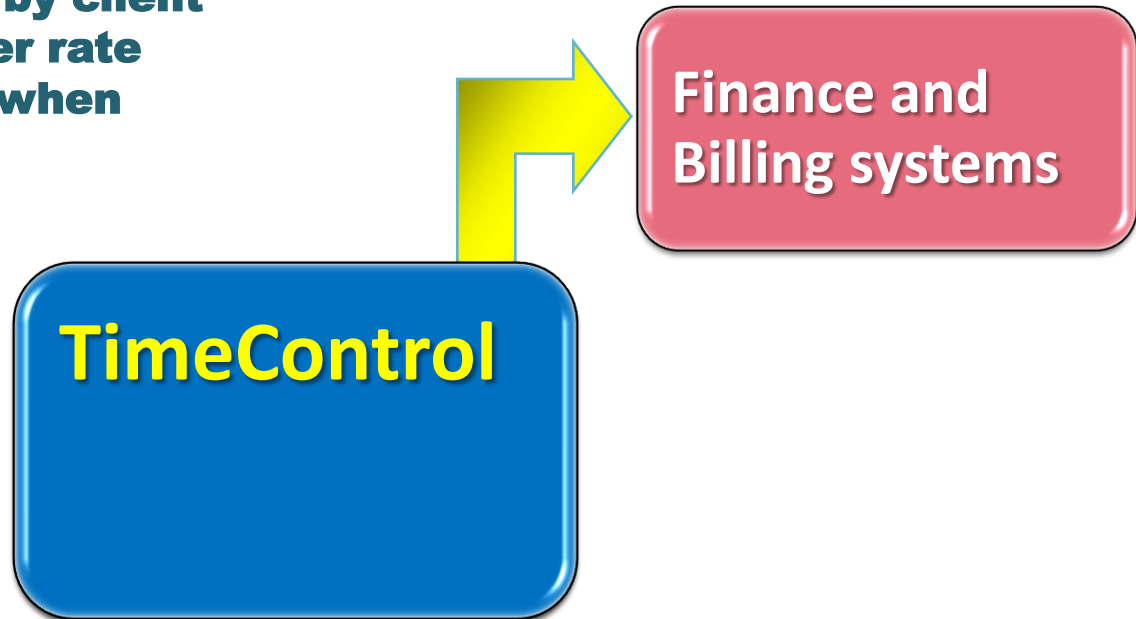

**TimeControl**
