Timesheet Approvals

- HMS's unique Matrix Approval Process for Labor Actuals™
- Unlimited automatic Validation Rules are user-definable, flexible and can be applied globally or to any group or even an individual
- Unlimited manual validation levels in which each crew, employee, material, equipment or production entry, can have a unique approval routing

Non-labor approvals

- Material, Equipment and Production entries can have multiple multi-level approval structures.
- Alternately the Crew approval paths can be mandated as an approval path for all entries including non-labor

The TimeControl Mobile App

- The TimeControl Mobile App is designed for both Android and iOS (Apple devices)
- Users can connect to their TimeControl instance directly from the App. They must have an active license on that instance.
- The App interface is responsive, it shows more on a tablet and moves features into menus on a smaller SmartPhone
- Available from:
  - Google Play for Android devices
  - The Apple App Store for Apple devices

TimeControl Mobile App

- A free Mobile App supporting Android and Apple devices
- Links to your instance of TimeControl Industrial
