Timesheet Approvals

- HMS's unique Matrix Approval Process for Labor Actuals™
- Unlimited automatic Validation Rules are user-definable, flexible and can be applied globally or to any group or even an individual
- Unlimited manual validation levels in which each crew, employee, material, equipment or production entry, can have a unique approval routing

Non-labor approvals

- Material, Equipment and Production entries can have multiple multi-level approval structures.
- Alternately the Crew approval paths can be mandated as an approval path for all entries including non-labor
